TIPS FOR EXHIBITORS

The first & most important thing, is that exhibiting should be a fun experience open to anyone, so please have a go. Here are some tips to help you;

VEGETABLES

Remember, biggest is not always best (except for class 28!).

Your veg should be of equal size, free from blemishes, no pest or disease damage, displayed evenly, clean from soil, and fresh not limp (covering with a damp tea towel helps).

FLOWERS & PLANTS

Flowers should be displayed nicely in a vase of clean water. Flowers/ plants should be free from any damage from insects, disease & weather.

If you have a few damaged petals or leaves you can remove some, but do not over do it. Remember, if a class says five of something, please put in five, not four or six!

COOKERY

Marks are awarded for appearance and flavour. If more than 1 is specified, they should be even in shape, size and colour.

For jams and preserves, jars and lids should show no sign of ageing, the labels should be clear and well put on. Wax discs are needed when using cellophane, but not screw top lids. Jars should be filled to the top, to allow for shrinkage.

Any queries regarding entries, please call Diana Black 01328 730778.
